DEAR A B C D E F,

I really took Interest in the Assembly on Friday. I took alot of It in and I will use your Insight in my future life. I liked all of the speakers who came to see us, and also I really do Appreciate the fact that your group came to give us insight on life. It shows that some people really do care about juveniles in lock-up, because some people have a bad perspective on us. Thank you!

Dear:

Silly women I really appreciated you coming out to talk to us at LPJH. I could say some people didn't even pay any attention. ALSO I think it really touched some of us how were willing to do better when we get out. I really am going take advantage of the job paper Mrs. Shirley gave us. I would like to say thank you for coming out to talk to me god bless you guys.

wanna thank you for coming and giving
us the chance that you needed us with
I wanna thank Judge Carter and the courtney
Victor cause I don't know his last name just

off here. Love from the jail that I see you
That short little guy, I don't know his name
all just let me tell you how I feel
know how of you guys. Thank you
Greg. I don't know how many questions
to answer them so I can't get them
more. Christ and I didn't know it's
how to be with a family. I don't know, but
hey you see. So yeah thank you
for coming.

LOVE, MESSIE

It was just like coming to our school to
talk to us about the one giving us
a heads up on making decisions in our
life. It reminded that you just look
out of your own time to talk to
us. When you guy come and talk to us
it made me realize how dumb and reckless
it was it made me realize what's time
to grow up and take responsibility.
I remember in 11th grade teacher talking
about how to achieve his goals
push him to achieve his goals.
It kind of remind me of myself in the
11th grade. I use to always talk smack
to the teachers but now I realize
that they are just doing it for the better.

Dear ABCd=ef

I really appreciate you coming to L.P while I was here. The things you said to all of us was really helpful, I think. Well, for me some things did get into my head and stayed there, especially about protecting myself from diseases. Another thing was about changing my ways and becoming a better person.

It takes 21 days to make a new habit and I am on my 13th day. Hopefully, I never come back to this place because I hate it and its not cool.

The things you told us will stay with me, and effect my ways when I ~~was~~ get released which is tommorrow. Yeah!!! Thanks for the Info.

sincerely

Dear, ABCD=EE,

I would like to thank you all for
coming down to Los Angeles, and
giving us some knowledge. I really
enjoyed all of the speakers, but a lot
of them really caught my attention.
Like the speaker about the transition
and I understood what he was
saying.

Life decisions come from a very
point of the account. He made me
think a lot more about all of things
he spoke about related to me. I
would like to transition for community
down all the way from that just
to speak.

One of the guest speakers spoke
about something very serious which
is the HIV virus means a lot, and
people would think it will ever
happens to them so they take the risk
and like those ones said, he didn't
know yet. I personally know well
not with it, but frequently
it is another risk. My girlfriend
is pregnant, but I took the test

Dear ATSCD = EF program I'm
SINGVAN LIVERY and I would suggest
that you will be coming back according
to all letters that u receive. It was
an onore for the all of u wonderful
people to come and share information
with us. Even though I couldn't learn
much I learned enough for us to
understand why u all were here. Thankyou
for taking time to share with us I am
very apreasheative and hope to see
your faces again but not in this
perdicament such as incarcerated.

Many people spoke to me but
not like u people. Maybe because I'm
locked up I'd understand more. NOT only
for the snacks but thank you for everything.

Dear

ABCDEF

The speakers help me a lot. When I get out I am going to go to school get all my grades, and graduate from the High School.

I like it when they started talking about how to take care of yourself and what are you going to do when you get out of this place.

Dear ABC DEF I appreciate what you guy did for us. Judge I learn that not every body is treated the same in a court room. That the judge listens to the public defender that been there for a long time. I also learned that if a loier walk in a court room the judge does not believe them because the judge never met him before and does not know if he is just trying to defend the
